PLAN YOUR KITCHEN WITH VELTA

A well-organized kitchen is a dream to work in. The size of your household, buying and eating habits, and lifestyle... all these factors affect your storage needs. Velta's trained designers study these unique factors to design storage solutions that effectively organize your kitchen, and maximize the existing space. Check out our latest innovations in storage design. Modular kitchens have become more of a necessity than a luxury. A modular kitchen is not just about style, it's a lot more than that. It's more about the design aesthetics and matching one's way of working & style resulting in a smooth kitchen workflow. As a lot of time is spent daily in the kitchen, having a well-organized kitchen makes cooking a joyful experience. So here are our modular kitchen designs that will inspire you to enjoy the art of cooking.

About Us

VELTA Is the renowned brand of Reckon, based at Ahmedabad, Gujarat, presents elegant Modular Kitchens, Wardrobes & Furniture that are built with design innovation in mind. Our strategy is a composition of our corporate philosophy and our motto of providing high quality design and product.

For us, the kitchen is not just cabinets and doors. It's a place of magic where ingredients turn to memories. It embodies your elegance, expresses your attitude.

VELTA WARDROBES

Velta redefines the concept of the custom-made wardrobe collection becomes evident in the details: innovative recess hinges with no visible mechanisms, new interior equipment (shoe racks, shirt holders, tie holders) and a synchronised magnetic sliding system thanks to the innovative magnetic dampers are just a few of the stars of this vast, multifaceted collection.

VELTA WALK-INS

Velta transforms into a real walk-in wardrobe: in this configuration both the finishes (lacquered, aluminium, glass, wood, pewter and many more) play as central a role as the modular interior equipment. Practicality is guaranteed. Hanging drawer units, drawers with dividers, shoe shelves and extractable trays are just some of the possible configurations. Walk-in wardrobe system that offers the possibility of "isolating" your wardrobe, creating an enclosed and protected self-standing room.
